Meeting with PFIAB Committee

The Director of Personnel met 9 March with Admiral Moorer's PFIAB Committee on Organization, Management and Personnel. The Committee was briefed on Agency strength figures, the FY 1983 ceiling increase, and recruitment needs. As reported to the DDCI prior to his meeting, the Committee was particularly seized by the beneficial impact identities legislation and FOIA relief could have on our DDO Career Trainee recruitment efforts. They expressed strong interest in assisting with the effort to gain FOIA relief. [REDACTED]

Procedures Implementing E.O. 12333. Following coordination with the FBI of the proposed procedures implementing E.O. 12333, the procedures have been sent to the Attorney General for approval. This past week an attorney from OGC, along with the C/PCS/DO, met with representatives from the Department of Justice in order to initiate the approval process. Much to our distress, the Department indicated that, due to other priorities, it would be some time before final approval could be expected. [REDACTED] 25X1

Crimes Reporting. As previously reported, the Attorney General approved the procedures governing Reporting and Use of Information Concerning Federal Crimes, which had been primarily drafted by OGC. The procedures, which are a significant improvement over the set replaced, should be of considerable help in protecting intelligence sources and methods. Last week the DCI signed these procedures; they have been transmitted to the Attorney General and are now in effect.
